## ABOUT HACKCUNY

Welcome to HackCUNY, an annual hackathon exclusively designed for the vibrant and diverse student body of the City University of New York (CUNY). Our event is more than just a competition; it's a celebration of innovation, creativity, and collaboration. Each year, we invite CUNY students from all backgrounds and skill levels to come together for an exhilarating 48-hour journey of hacking. At HackCUNY, you'll get the chance to turn your ideas into reality, learn new technologies, and connect with fellow students and industry leaders. Whether you're a seasoned coder, a design enthusiast, or a beginner with a passion for problem-solving, HackCUNY is the perfect platform to challenge yourself, expand your network, and showcase your talents. Join us in fostering a community of tech-driven minds, united by the spirit of discovery and a shared ambition to drive positive change through technology.
